MT. ABRAHAM EDGES TELSTAR

68-64 IN TUESDAY HOOP ACTION

Visiting Mt. Abram of Salem came rushing from behind for an 18-11 edge in the final quarter to catch and defeat Telstar in their Tuesday Mountain Valley Conference basketball meeting. The final margin was 68-64 with a 12 out of 15 night at the free throw line making the difference for the visitors. Telstar was eight out of 15.

A goal-tending call against Telstar in the final minute when the separation was only two points put an end to the Rebels counter-attack. The shooting of Mt. Abram's Kevin James was a heavy factor as the visiting ace sank 25 points.

The public is cordially invited to view the Christmas Display in the Bethel Savings Bank window, the work of Telstar High School's Art Department students under the guidance of their teacher, Mrs. Marilyn Thayer. This season's "Family Christmas" theme is of the same high quality workmanship as the "Creche Scene" of last year. It will not, however, carry over lighting in the spirit of cooperation with the national energy conservation. It is hoped that as many as can will view the artistic achievement of our young people.

TELSTAR EDGES LIVERMORE 71-67, IN SEASON OPENER

Telstar outlasted visiting Livermore, 71-67, in an overtime varsity basketball game last Friday, in their MVC opener.

Telstar, which led 36-26 at the half, watched its lead disappear as Livermore started to move in the second half. The Rebels held the Rebels to eight points in the first quarter, while scoring 15 themselves. Dan Pulsifer tied the score, 61 all, with a field goal with seconds on the clock, sending the event into overtime.

Accurate foul shooting enabled the Rebels to emerge on top, as Alan Seames made good on five out of six attempts.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There was another accident Wednesday on the Ferry Road railroad crossing in West Bethel that could have been serious. As it turned out no one was injured. Only the engine and truck sustained damage.

A short time ago two representatives of the railroad came from Montreal to inspect the site and to report back to their office on what they found.

The town's proposal is to install signal lights on the Ferry Road crossing, close the crossing opposite the cemetery and officially open the road between Donald Bennett's house and the railroad track. We have not heard if this is acceptable to them. We must obtain part of their right of way for the road. It is our understanding there is no objection to the town erecting the signals. The question is if we can close a crossing and have part of the right of way for the road. It is an assumption, without having any budget committee meeting as yet. There will be an article in the town meeting warrant requesting the necessary \$15,000 to erect the signals.

WILSON STATED THAT MANY CHIMNEYS AND FLUES ARE NOT IN GOOD REPAIR, ESPECIALLY IN OLDER DWELLINGS WHERE THEY MAY NOT HAVE BEEN USED FOR MANY YEARS, OR WHERE SOOT HAS BEEN ALLOWED TO BUILD UP. IN OLDER HOMES THERE IS ALSO THE POSSIBILITY THAT THE MORTAR BETWEEN BRICKS HAS DETERIORATED AND LOOSENED, LEAVING THE CHIMNEY ADEQUATE FOR OIL BURNING STOVES BUT NOT FOR WOOD FIRES. HEAT AND SPARKS GENERATED BY WOOD FIRES CAN SIFT THROUGH LOOSE MORTAR, CAUSING A FIRE IN A CONCEALED AREA OF THE BUILDING.

He also warned that fires may start in the chimneys themselves. When green or unseasoned wood is burnt, a great deal of soot is deposited on the inside of the flue. The deposited soot may catch fire from sparks, or from the heat of the fire in the stove or fireplace.

Wilson advised homeowners to have their chimneys inspected by a competent heating specialist before lighting a wood fire. At the very least, a visual inspection by the homeowner to detect loose mortar should be undertaken.

Wilson urged all homeowners to take careful precautions so that the unnecessary loss of life and property can be avoided during this time of emergency heating.

STATE C. D. DIRECTOR WARNS PUBLIC OF DEFECTIVE CHIMNEYS

Timothy P. Wilson, Director of the Maine Bureau of Civil Defense has warned all citizens of the dangers of fire caused by defective and inefficient chimneys. The current energy crisis is prompting many people to supplement their heating systems with wood burning stoves and fire places.

Wilson stated that many chimneys and flues are not in good repair, especially in older dwellings where they may not have been used for many years, or where soot has been allowed to build up. In older homes there is also the possibility that the mortar between bricks has deteriorated and loosened, leaving the chimney adequate for oil burning stoves but not for wood fires. Heat and sparks generated by wood fires can sift through loose mortar, causing a fire in a concealed area of the building.

He also warned that fires may start in the chimneys themselves. When green or unseasoned wood is burnt, a great deal of soot is deposited on the inside of the flue. The deposited soot may catch fire from sparks, or from the heat of the fire in the stove or fireplace.

Wilson advised homeowners to have their chimneys inspected by a competent heating specialist before lighting a wood fire. At the very least, a visual inspection by the homeowner to detect loose mortar should be undertaken.

Wilson urged all homeowners to take careful precautions so that the unnecessary loss of life and property can be avoided during this time of emergency heating.

ANNOUNCE RESULTS OF DIABETES WEEK TESTS

Free tests for diabetes were offered to the citizens of the Bethel community and surrounding areas by the Bethel Health Council, in conjunction with the area wide diabetes detection program conducted by the Rumford Community Hospital in November.

Dr. Jack Halladjian, hospital pathologist, and chairman of the Oxford County Diabetes Committee, said only 1,200 kits were returned for processing of some 7,000 distributed. However, 47 persons, eight of whom live in the Bethel area, had test results which showed the presence of sugar in the urine. Mrs. Guy Gamble, R. N., a member of the diabetes committee in Rumford, will be notifying these persons of their test results and will advise them to see their doctors for follow-up tests. Dr. Halladjian will, in turn, contact the doctors to see how many of these persons actually have diabetes. This will enable him to complete his records for the American Diabetes Association.

TELSTAR FROSH OPEN SEASON WITH 59-35 WIN OVER MEXICO

Telstar High Frosh opened their basketball season last Thursday with a convincing 59-35 triumph over Mexico Frosh. The Rebels used a fast break to good advantage to 13-7, 44-15 and 57-23 at the period stops.

Dave Webster had 16 points and grabbed as many rebounds to power the winners. Peter Bean matched his output and Larry Bennett chipped in with 15 counters.

The taller Mexico club had H. Swett, G. Martin and 6 foot 5 inch Mark Worthley with eight points each.

In the 4th quarter Telstar cleared the benches and gave all the reserves some game experience.

Letters to the Editor

To the Editor:

May I add my Amen to Mrs. Lydia Roberts Moore's letter to the editor when she said we have two legged skunks in Maine. Indeed Rusty isn't the only boy feeling a loss. My four year old boy's truck and big wheel were taken from our lawn last Friday night. While it isn't meat for the table, to him it is just as dear. He has ridden miles on it during the summer at Gram- ma's house. If never the less in just a short time as he said "Don't worry Mom. I'll buy a new one." Where does that leave us as parents that have al- ready spent the family budget on other gifts? We do not have an un- limited income. Instead we have to plan and save to get for that once a year affair! I only pray that whoever took from my child has done so, so that another child that is more in need than mine, can be the recipient, not just someone who wished to commit thoughtless mis- chief.

SONGO POND

— Mrs. Ralph Kimball, Corres. — Miss Roberta Anderson was a super guest Saturday of the Joseph White family. Upon her return home she was pleasantly surprised by a group of friends gathered to celebrate her eighteenth birthday.

She was presented a hope chest made by her grandfather which contained a variety of other gifts. However before she could open it she had to go on a scavenger hunt to find the key. Music and dancing were enjoyed. Refreshments of cookies and punch, and decorated birthday cake made by Debbie Learned were served. Among those attending were Debbie, Cindy and John Learned, Diane Hunt, Wendy Cross, Barry Nevel, John Hindman, Albert and Howard White, James Sweetser, Mitz Wheel, David and Tom Anderson, Mr. and Mrs. Richard Libby and three boys, and Mr. and Mrs. Eino Seilonen.

Sincere sympathy of this neighborhood is extended to the family of Millard Clough.

Mr. and Mrs. David Salway, Kassi and Brandon, were in Portland Saturday and were also supper guests of his brother and family, Mr. and Mrs. Barry Salway and Scotty in Biddeford.

Mrs. Rita Walker with her son and daughter of Poland called on Mrs. Mae Grindle Sunday and also visited with the Maurice Besupres.

Other recent visitors of the Robert Andersons were Karl Storman of New Gloucester and Mr. and Mrs. Eugene Rich and two boys of Norway.

Mrs. Ralph Kimball spent the day Sunday with the Herbert Adams in Hanover, attending the baptism

of little Erin Adams at the Rumford Point Church and later a first birthday dinner for the little miss. Miss Adrienne Couture of Hanover was also a guest. The David Salways came later for cake and ice cream.

FOSTER - WING

On October 27, at the Bryant Pond Baptist Church, Vicki Ann Wing, daughter of Mr. and Mrs. Weldon Wing, became the bride of Richard Erland Foster, son of Mr. and Mrs. Erland Foster, South Paris. The 2:00 p. m. double ring ceremony was performed by Rev. Linwood Hanson, before an altar decorated with large baskets of pink and white carnations and gladiolus.

The bride, given in marriage by her father, wore a long traditional wedding gown of white nylon net, over satin. The complete bodice and long sleeves were covered with an overlay of gathered nylon net, with a lace stand up collar, lace inserts in the middle of the sleeves and midriff, entwined with satin lace. The slightly gathered skirt was nylon net over satin. Her long cathedral length veil, fell from a camelot cap of lace, embroidered with seed pearls and pearl droplets. It was edged in a four inch border of Venetian lace. She carried a cascade bouquet of roses, carnations and daisies, mixed with baby breath and ivy, accented with a white satin bow and streamers.

Mrs. Peggy Tripp, sister of the bride, was matron of honor. Her dress was nylon net over satin, in deep rose. Patty Green, friend of the bride, and Becky Foster, sister of the groom, were bridesmaids. Their dresses were light mist pink with white lace trim. Suzette Wing, sister of the bride, was Junior bridesmaid. Her dress was white background, with floral print, in colors of pink, yellow and green. They all carried colonial bouquets of pink and white carnations, centered with a pink rose, with pink and white streamers. Jennifer Elliott, cousin of the bridegroom, was flower girl. Her dress was a yellow floral print of white and green, with green velvet belt. She carried a basket of mixed flowers. Her brother, Scott Elliott, served as ring bearer.

David Tripp, brother-in-law of the bride, served as best man. Perry Ryerson, classmate of the bride and Ricky Wing, cousin of the bride served as ushers.

The wedding reception was held at the Bryant Pond Grange Hall with over 100 people attending. The Grange ladies, in charge of Mrs. Evelyn Bean, catered and served the refreshments. Basil Green's orchestra furnished the music for entertainment. The lovely three tiered wedding cake was made by Mrs. Madeline Sanborn, Fryeburg. It was cut and served by Mrs. Margaret Elliott and Mrs. Pat Spazi-

NORTHWEST BETHEL

—Mrs. Louise B. Chapman, Corres.—
What does it take to get a Christmas tree? In the case of this family, it takes two very anxious children, a fussy mother, and a patient and understanding father. Going thru the woods, the children anxiously find beauty in anything that slightly resembles a Christmas tree, while mother is more interested in finding just the right tree, the tree that will be a very important addition to the living room. It must be just right, not too tall, not too short, not full not too bare. Finding the right tree and getting it home is just the beginning. What happens when the tree stand doesn't fit? Oh, it would, if the bottom branches were chopped off, but then that beautiful tree would look rather naked! Solution — a sturdy home made stand. Patience and understanding again! After the decorating is done, it's evident to everyone looking at the finished product that little ones helped. For some reason the candy canes are all located conveniently on the lower branches. Gerry Shimamura is doing fine after her recent accident. She returned home from the hospital on Monday.

Mr. and Mrs. Peter Laban, Winchester, Mass., and Mr. and Mrs. Joseph Casey, Redding, Mass., were recent visitors of their children and family, Mr. and Mrs. John Laban.

BROWNIE SCOUTS 675

Thursday we met at Ethel Bisbee School. We could not meet at the church because of the church fair. Last week some girls made mittens for their mother. The other girls made stockings for their father. We made the mittens and stockings out of paper bags. We cut them out, then sewed them together with yarn. Also we decorated them with felt and crayons. Some of us put glitter on them. This week we made the opposite of what we made last week. Also we worked on the pinata. Mrs. Brown picked four girls to work with Mrs. Grover on the pinata for the Christmas party. The girls will make cookies. The four who worked with Mrs. Grover will decorate the cookies. — Mary Bell Feeney, Troop Reporter.

Mr. and Mrs. Richard Wakefield

WAKEFIELD - CROCKETT
Miss Cynthia Jean Crockett, daughter of Mr. and Mrs. Clayton Crockett, Bethel, became the bride of Richard Arthur Wakefield, Locke Mills, in a candlelight ceremony, at their new home in Bethel, Sunday evening, Nov. 18, with members of the family present. Rev. Thomas Caton performed the double ring ceremony.

The bride given in marriage by her father, wore a street length dress of white nylon over taffeta with blue trim.

Sue Lowell, friend of the bride, was maid of honor. She wore a brown street length dress.

Kenneth Wakefield was his son's best man.

The bride is a 1969 graduate of Telstar Regional High School and is employed by Ekco Housewares Inc., Locke Mills. The bridegroom is a 1967 graduate of Gould Academy and served four years in the U. S. Air Force. He is employed at Western Auto, Bethel.

foundland. Moose and bear were the principal game. These were shown by Dr. Lowell Barnes and Mrs. Barnes of Hiram. Dr. Barnes' tales of his experiences and description of the pictures were of the most interesting nature and very humorous which held the attention of the crowd very well.

The next meeting will be held with Paris Grange No. 44, South Paris, Jan. 1, when we will be entertained by pictures on Finland by Taisto Koskela of Woodstock.

The Willing Workers will hold their annual Christmas party Dec. 20 at Kay Mason's trailer. This is the time when the secret sisters are revealed so bring your gift for your "sister." Also bring an exchange gift for drawing. Let's not disappoint Kay by staying home. This is a Thursday night. See you there.

Snow fell Sunday the 9th, then turned to rain. It was reported that the roads were rather greasy and cars were being around in town. It was a good day to stay in and save gas.

Mr. and Mrs. Kevin Waterhouse moved their trailer from the place between the two Andrews brook bridges to Oxford trailer park recently.

SUNDAY RIVER

— Mrs. R. M. Fleet, Corres. —
Mr. and Mrs. Jeffrey Yates of Connecticut were week end visitors of her parents at the Ski Way and his father, Tom Yates.

The Estes Yates family have been sick with the flu. All are improving except Mrs. Eva Yates, who had Dr. Young call Sunday morning. We hope she will be fine soon.

Mrs. Mary Morin's dog has a nice new house to keep him warm. Darnita Yates baby sat for Peggy Wright the other evening.

A brown rabbit called Buttercup has been missing from Bryce Yates most a week. Anyone seen her? One crow seen at the dump recently.

It seems very strange, no Christmas lights along the road at night. The fire department was called for a chimney fire at Estes Yates Saturday morning.

Mr. Sumner's car went off the road Sunday night, damaging it quite badly. Both Mr. and Mrs. Sumner got bumps on their heads but were able to walk to R. M. Fleet's where they called for help.

There was another car stalled near David Fleets because of gas shortage.

Mrs. Lina Reynolds is out of these troubles but if any of you want to write to her about it, her address is: 515 El Paseo St., Lakeland, Fla.

MAGALLOWAY & WILSON'S MILLS
— Mrs. Bertha West, Corres. —

A bridal shower was given to Patricia Bennett by friends Tuesday evening at the Magalloway town hall. About 50 friends and relatives attended. She received a lot of nice gifts. Lunch was served and every one had a real nice time. She will be married Dec. 15 to Donald Bennett of Stewartown, N. H.

Mr. and Mrs. Mark Harvey of Magalloway and Malcolm Harvey of Wentworth Location were out to the nursing home to see their mother Sunday and found her doing real well.

Carl Littlehale is working on the Errol dam.

Mrs. Elvira Littlehale has gone to Bryant Pond to spend some time with her sister and husband, Mr. and Mrs. Howard Judkins.

Mrs. Eleanor White, R. N., was home for the week end from her duties at the Coos County Nursing Home.

Wesley Sweatt has enlisted in the Army and leaves Thursday for Fort Dix, N. J.

Roy Edwards, who has been working in Pittsburg, N. H., has got done out there and gone to work for Richard Turner so he can be home nights with his family.

We have had rain and snow, both lately. Last night (Sunday) at 8 p. m. it was freezing and an inch of snow on the ground, at 2:15 a. m. the snow was all gone, it had warmed and been raining. What a change in temperature.

PHYSICS TEACHERS TO BE HIGHLIGHTED IN CHICAGO

A team of educational researchers traveled to Telstar Regional High School this week to observe and record a day in the life of the physics program. Betty Levy, on the staff of Columbia University, and Doug Huegel, on the staff of Dalhousie University, Nova Scotia, are shown as they videotaped a physics class conducted by Timothy Kersey and James Fiske. In addition, the team interviewed several groups of students regarding their attitudes towards the physics program.

Telstar was one of four schools selected nationwide for innovative techniques resulting in a successful physics program. The tapes recorded this week will be shown on closed circuit TV at the annual joint meeting of the American Physical Society and the American Association of Physics Teachers. In addition, the tapes will be used for teacher education programs.

Painting Papering Dry Wall Snowplowing

Last summer I painted 25 houses. My prices were 10% to 20% below my competition. And I know that I can save you as much money inside your house as I did out. I don't give free estimates. I give free bids. This way you know exactly how much the job is going to cost before I start. I stand behind both the quality and price of my work. Remember, I can only help those who are willing to help themselves.
